This is a revision to the American Recovery and Reinvestment Act of 2009 (ARRA). Please refer to this revision when reporting the obligations of this Act.

This project is funded through the American Recovery and Reinvestment Act of 2009 (ARRA). Sections 1201 and 1512 of the American Recovery and Reinvestment Act require states to fulfill employment reporting obligations for each ARRA funded project. The Design/Build Firm on each ARRA project will provide the initial employment reporting information within five calendar days after the notice to proceed is issued by the Department. Thereafter, the reporting information will be due on a monthly basis on or before the 10th of each month until completion of the contract. Design/Build Firms are required to provide the necessary employment information (employees, hours, and payroll wages) for their own workforce as well as the workforce of all subcontractors that are active on their ARRA funded project(s) for the reporting month. FDOT has automated the form which will be used to collect employment information. The prime contractor can access FDOT's ARRA Employment Reporting System from the following website: www2.dot.state.fl.us/ARRAEmploymentReporting
Failure to timely report the required information may be cause for rejection of the monthly invoice for contract payment.

Please refer to the informational brochure available at the following link, which provides summary information on the employment reporting requirements for ARRA:
